SUMMARY

Computer Science undergraduate with a strong foundation in programming, web development, and database management. Seeking a software development role to apply technical skills and contribute to impactful projects in a collaborative environment

EDUCATION

BTech, Computer Science and Engineering

Graduating March 2026

8.29 CGPA

Aditya College of Engineering and Technology, Surampalem

TECHNICAL SKILLS

Databases: SQL, MongoDB

Web Development: HTML, CSS, JavaScript, React, Node.js, Express.js

Programming: Java, C++

Certifications: IT Specialist in Java, HTML, CSS, JavaScript

Typing Skills: 50 WPM (Words Per Minute)

Relevant coursework: Programming, Data Structures, Algorithms

EXPERIENCE

Google Developer Groups, On Campus ACET: Female Techie

Sept 2024 – May 2025

- Collaborated with a team of 10 GDG core members to host 3 community meet-ups, attracting over 50 participants.
- Organized and conducted a tech conference with speakers from various companies, providing an interactive platform for students to engage with industry professionals. The event saw over 400 participants.
- Led 4 workshops promoting Google technologies with attendance of over 200 students.

Technical Hub, Surampalem: Web Developer Intern

June 2024 – July 2024

- Completed a 2-month internship focused on full-stack web development.
- Gained hands-on experience in HTML, CSS, JavaScript, React, Node.js, and Express.js.

PROJECTS

Multiio

Aug 2024

Developed a collaborative eCommerce website.

- An all-in-one e-commerce platform designed like a multiplex, where users can seamlessly order food, purchase clothing, and book tickets for movies and events, providing a diverse range of services within a single interface
- Ensured 100% compliance with Design Control Procedures, adhering to established guidelines and contributing to quality assurance for each design phase.

Appointment Booking

Nov 2024

Led team of three to design and develop an appointment booking website.

- Developed a collaborative, user-friendly appointment scheduling website that improved doctor appointment booking efficiency, reducing scheduling time by 30% and enhancing patient experience.
- Built a dynamic, mobile-responsive UI with React.js and Node.js, achieving 95% responsiveness.

CODING PROFILES

Leetcode: <https://leetcode.com/u/SodabattinaYasaswini/>

Hacker Rank: <https://www.hackerrank.com/profile/22MH1A05L1>

GeeksforGeeks: <https://www.geeksforgeeks.org/user/kutumba5kb5/>

ACHIEVEMENTS

Successful Event Management: Organized and mentored web development workshops attended by 200+ participants.

Tech Community Leadership: Led tech events engaging over 50 students in coding activities.

Tech Event Organizations: Spearheaded the planning and execution of a large-scale tech event, attracting 500+ attendees and featuring workshops, keynote speakers, and project showcases.
